OF LOCAL INTEREST

SCOTT-OLSON.—Harry G. Scott of this city and Miss Leah B. Olson of Racine, Wis., were married last evening at 8 o'clock by Rev. Campbell of the Presbyterian church.

CONVICTS FOR YUMA.—Deputy Sheriff Wayne Davis left last night for Yuma, with Arnold Green, convicted of participating in the Connel burglary and A. Palomino, convicted of a deadly assault upon his wife.

Y. M. C. A. MEETING.—The regular meeting of the Y. M. C. A. will be held in the Veterans' Hall this afternoon at 3 o'clock. Rev. Mr. Whitfield will address the meeting, and special music is planned.

SALVATION ARMY SERVICES.—The following will be the order of the services of the Salvation Army today: Open air meeting 10 a. m.; junior meeting 11 a. m.; open air meeting 2 p. m.; Christian gathering 3 p. m.; open air meeting 7 p. m. The regular evening service will take place at 8 p. m. The subject will be: Death and Afterward.

APPRECIATIVE.—Mrs. E. F. Rickard, last night via the Santa Fe for England, escorting the body of her late husband. Before leaving she stated that she desired to acknowledge through The Republican, her thanks and appreciation of the favors shown her during her bereavement by many friends, particularly by Rev. Maclean and the members of the First M. E. church, and by the firm of Easterling and Whitney.

POLICE BUSINESS.—The police department yesterday picked up on the streets one iron gray mule which is now in the city pound waiting for the owner. This mule is not Maud. A couple of vags were given ten days in the cellar. Jane Doe was fined \$10 for prostitution. Three drunk and disorderly persons were each incarcerated for seven days.

A GOOD DAY.—Yesterday there were 374 patrons of the city water service who called and paid their dues. It being the last day of grace. On Monday the man with the monkey wrench will start on his rounds and \$1 will be charged to each delinquent. Yesterday was one of the busiest days in the history of the service for collections, the total amount being \$177.96.

AT HIS OLD TRICKS.—Ollie Reed, who lately returned to Phoenix, after an absence of several years, came to the surface last night in a way which not another man into trouble. He was in the Palace saloon and engaged in an altercation with the bartender. He finally threw a spittoon across the bar. John Bodet the proprietor, seized a revolver and Reed ran out of the saloon into the Capitol next door. He was laughing over the affair as a joke, but he quit laughing when Bodet, armed with his gun, entered. Before he could use it he was disarmed. Reed later swore out a warrant against him.

WHERE IS EMILE OTTO.—A letter yesterday making inquiry about a man by the name of Emile Otto. The letter was from his wife, Mrs. Mary Otto, of 2329 Bismarck Street, St. Louis. She writes: "Dear Sir: I do not know, but Mr. Fritz Baumann told me that you wrote him a letter that my husband was shot and killed on the Mexican road. So, will you please let me know whether it is so, and send me the death certificate. He had no hair on his head, only a few on the back of his head. His name is Emile Otto. He was a machinist. He has not been home for three years. If any one finds him I would like to pay."

FIRST M. E. CHURCH.—Preaching morning and evening by Dr. S. G. Rogers. It being the occasion of our first quarterly meeting. Special music at both services. Sunday school at 9:45. Junior League at 2. Epworth League at 6:30. The sacrament of the Lord's Supper will be administered at the morning service.

AFTER A LONG ABSENCE.—O. W. Klinger of Los Angeles, arrived in city yesterday for a visit with old friends. Mr. Klinger for a long time was foreman of the job department of The Republican, and remained here until twelve years ago. He went from here to Silverton Colo., where he engaged in the newspaper business on his own account and was very highly successful in the conduct of it. His affairs prospered so much that though he is still a young man, he can afford to take no thought of his earthly future and can afford to give still less thought to the printers' scale of wages, and their schedule of hours. This is the first return of Mr. Klinger since he went away, and he finds a surprising change within the dozen years which have elapsed.

Arizona chapter No. 1, R. A. M., will confer the Royal Arch degree Monday Nov. 11. The hour of beginning will be 7:30 p. m. Visiting companions are cordially invited.

FIRST CHURCH OF CHRIST SCIENTIST.—Post office building, entrance on Monroe street. Services 11 a. m. Subject "Mortals and Immortals". Sunday school 9:45. Wednesday evening meeting 7:30. HELD FOR LIQUOR PURVEYING.—Isidro Coronado was before United States Commissioner Johnstone yesterday on the charge of supplying a couple of Indians with intoxicating liquors the night before. The Indians who had been arrested, identified him as the man who furnished them with the liquor. Coronado denied the whole transaction and wanted to send for some witnesses by whom he expected to prove that he was too drunk all afternoon and night of that day, to buy liquor for anybody. He was held to the United States grand jury.

A DESERVING PROJECT.—On the fair grounds, near the main walk, on the way to the grand stand, will be a booth 20x35 feet in size, artistically decorated and made especially attractive and comfortable for the ladies, there being a rest room in connection. The chief business of the booth will be the serving of refreshments and lunches, the proceeds of which are to be utilized in the equipment of a new wing to the Sister's hospital. This is a well known institution, one that fills a very urgent need, and that stands close to the hearts of all the people regardless of sect, for the good work it has done. Any patronage given the booth will be the swelling of a fund that will be utilized for a deserving purpose.

Take them off if they hurt. You cannot wear the "pinch" out of a shoe. But you can buy a shoe without the pinch. The McDonald and Kiley Shoe, for instance. Feels as comfortable as your stocking, built along graceful lines and holds its shape until the last minute.

Isn't such a shoe worth paying a little more for?

NOT COMING YET.—Mrs. H. S. Bury has received a letter from her son Collin, who for a long time has been in the employ of the Greene Consolidated company at Cananea. He says that while the camp has ceased operations and many have been discharged, the heads of all departments have all been retained and there is a feeling among them that the company will resume operations at no distant day, perhaps in ninety days. Mr. Bury is one of those who have been retained, and he feels quite compensated that he should have been among the elect, when so many good men have necessarily been discharged.

GONE TO YUMA.—Dr. J. C. Norton territorial veterinarian, went to Yuma last night on official business, but will return to Phoenix again Monday morning. He was called by the shipments of horses and cattle now coming into the territory, and that can be admitted only in inspection. This is the "open season" for stock from southern Cal.

He let one cow get by the line at Yuma, and it is the only one that has been allowed to come without inspection before entering. That is the celebrated Lily (cream cow) that holds the world's championship as a "bangy" cow or driver. The doctor knew she was all right and in addition he inspected her on her arrival here yesterday. She will be seen in harness at the fair grounds all this week.

COMPANY B. N. G. A.—Company B. N. G. A., is now in a flourishing condition and the announcement is made by Captain Parks that it has been found a greater convenience to more members to hold the weekly drills on Monday instead of Thursday night. The members will therefore take notice.

PUMPKIN PIE.—"Pumpkin Pie" has been a magic Yankee slogan for many generations and the management of the Crittenton Home has borrowed it for use during fair week. It will be utilized to advertise a free rest room which will be opened on the fair grounds Monday morning, to be maintained all week. In connection with the rest room will be a refreshment department where will be served sandwiches, home made coffee, New England pumpkin pies, chocolate and all other good kinds of cake, and all strictly home made. This refreshment feature of the enterprise is the real joker, for much as the Home management loves the human race, its purpose is admittedly to make a little money. The money though all goes to the support of the Home which is doing a great work for homeless and unfortunate women and children. The

OFFICIAL OPENING.—Today is the official opening of Ben Peterson's new bootblack stands in the Cabinet and Casino lobbies. The stands are not new but the equipment is. Ben went to Los Angeles a few weeks ago and bought the finest bootblack furniture he could find in the state of California. It is solid oak, trimmed in brass, the seats, arms and backs all leather upholstered. The patrons, whether ladies or gentlemen, may continue their cigars as they enjoy their shiners, for there are handsome cuspidors to match the furniture. The Cabinet stand is a five chair construction and the Casino stand has four chairs so the management will be able to shine at least nine pairs of shoes while the patrons wait for them. This improvement represents quite an investment for a progressive bootblack and means that Ben is putting a good deal of muscle into civil pride. It will take a good many shiners to pay for the new equipment but Ben is nothing if not a dead game sport and an aristocrat in his profession.
